

LIMIT-PRO

RANGE LIMITING DEVICE

APPROVED BY CNESST, HYDRO-QUÉBEC & TRANSPORTS QUÉBEC

LIMIT-PRO keeps construction sites safer by preventing machine accidents. This range limiting system limits excavator boom height and cab swing, helping operators avoid overhead hazards, power lines, and collisions. It reduces the risk of accidents, injuries, and property damage.

Multi-machine compatibility

Boom height and cab rotation

Preventing potential accidents

Auto-slow for safety zones

Intuitive and user-friendly

Can be combined with the Guide-Pro & IDC

Excavator

Telehandler

Backhoe

Crane

Also compatible with

Concrete pump
Boom-truck
Vacuum truck

LIMIT-PRO

RANGE LIMITING DEVICE
